Fixed

FEE, NOT HOURLY

Reading the Pricing Matrix

Every category below is benchmarked against current India-market rates for an equivalent custom build – sourced from agency rate cards, freelancing platform quotes, and direct market intelligence, consistent with Orvion's prior pricing methodology. Newly added categories not previously benchmarked are modeled against the same Basic/Medium/High/Enterprise complexity bands as the validated set.

MARKET PRICE

What a business typically pays an established India agency for an equivalent custom build of this category, end to end.

MARKET DELIVERY

Typical agency timeline for the same scope – from kickoff to production launch.

ORVION PRICE / DELIVERY

Left intentionally blank in this draft – Orvion's fixed fee and delivery window are filled in per category once finalized, always positioned below market.

Complexity Legend

● BASIC ● MEDIUM ● HIGH ● ENTERPRISE

04 — SaaS & Custom Business Software

83 CATEGORIES · 12 VERTICALS

Every business-software vertical grouped by function – Sales, Finance, HR, Operations, Education, Healthcare, Logistics, Real Estate, Retail, Manufacturing, Niche platforms, and Enterprise/Bespoke builds. Each category ships as a Readymade base (fast, lightly customized) or a Full Custom build (scoped from scratch) – same fixed-fee philosophy, two delivery speeds.

COMPLEXITY VS. TYPICAL DELIVERY TIME – ALL SOFTWARE VERTICALS

— NEXT STEP

Every category above is scoped before it's quoted
— and priced fixed, not hourly.

This draft locks the category structure, industries served, and India-market benchmark for each line. Orvion's price and delivery columns are intentionally left blank – fill them in once finalized, and the same matrix becomes the client-facing version of this report.
