# 05 — Maintenance Plans

MARKET VS. ORVION — PER CATEGORY

Three care tiers, scoped the way agencies structure retainers. Every category from Sections 01-04 then gets its own maintenance row on the following pages – Market Maintenance is calculated directly from that category's own Market Price (15-25%/yr baseline) rather than a single flat number, with the recommended tier auto-matched to build complexity. Orvion Maintenance and Orvion SLA are left blank for you to fill in per category.
